

## City Council Agenda Item

Meeting Date: 02/11/2020

Interlocal Cooperative Agreement Between Edmonds School District and City of Edmonds for Police Coverage at School District Events

Staff Lead: ACOP Don Anderson

Department: Police Services

Preparer: Don Anderson

---

### Background/History

This agreement replaces a longstanding agreement with the school district that expired in September of 2019.

### Staff Recommendation

PSPC Committee approval and forward to the consent agenda for council approval the following week.

### Narrative

For years the Edmonds Police Department has provided police security coverage on an off-duty, overtime basis at School District events such as athletic events, dances, graduations, etc. However, the only formal Agreement in place with the District specifically addressed athletic events at the stadium only. When that agreement reached its term it was decided to initiate a new agreement that encompassed all of the different events that the District may employ our off duty officers for. This agreement was drafted and approved by City Attorney Sharon Cates and has been reviewed and approved by the Edmonds School District Board of Directors and signed by the Superintendent.
